SCHOLARSHIP

A scholarship shall be awarded to one McNeese State University vocal music education major for both Fall and Spring semesters. The amount shall be \$300.00 per semester. The choral director and/or department head of said university shall select a student named by the MSU audition committee for approval by the corporation at the May meeting. Auditions shall be held in conjunction with all other university music scholarship auditions. The scholarship nominee must have participated in District V VMTO activities as high school student and must have completed one year of university study. If no students from District V meet the criterion, students who participated in programs outside the district will be considered to insure the scholarship is given every year.

The scholarship recipient must maintain a least a B average in music subjects and a C average in other subjects. Failure to maintain the above stipulated averages in the Fall semester forfeits the scholarship for the Spring semester. It shall be the responsibility of the recipient to submit a Fall transcript of grades to the VMTO President for continuation of the scholarship.

Each scholarship recipient shall be required to perform for the membership at one meeting during the school year. In lieu of performance, the scholarship recipient may elect to assist in one activity of the corporation during the school year.
